

READ 180 Teachers,

Please implement the steps below to place your students into the READ 180 system:

First login @

<http://10.100.10.5:55880/slms-static/slms/SAM.html>

Your username is your first initial and your last name

For example: My name is Jill Daloisio and my username would be jdaloisio

Your password is password1

Make sure that you personalize your password when you login

To register students in READ 180:

Click "roster"

Click "Add a student"

Fill in the asterisk sections:

**Student ID** – use the student's 6-digit AASD ID

**First Name** – use the student's first name on your class roster

**Last Name** – use the student's last name on your class roster

**Grade** – identify the grade the student is in

**Username** – use the student's first initial of their first name and the entire last name in lowercase – For example if I was a student in your classroom (Jill Daloisio). My username would be jdaloisio

**Password** – the password should be the student's 6-digit AASD ID # the "@" symbol and then one of the following in accordance with your school:

Juniata – Jun

Penn Lincoln – PennL

Washington-Jefferson – WashJ

Wright – Wri

**Please note the capital and lowercase letters**

For example my password would be – 853921@Jun

You will be asked to put the password in a 2<sup>nd</sup> time

Check the box next to the teacher's last name in the box marked with the number 2.

Click Save

Click "Add a student" and repeat the directions listed above.

After all the students are added to the class – click “Manage Enrollment”

Check the boxes that correspond to your class.

i.e. – if your students are in an elementary school then choose READ 180 Stage A, rSkills test, Scholastic reading counts, and Scholastic Reading Inventory. The Scholastic Reading Counts Quizzes go with the leveled reading library.
